Feature Destination:

The month's feature destination, Malta, known as the "heart of the Mediterranean," is one of Europe's most densely populated countries. The island is much like an "open-air-museum" - sprinkled with ancient structures from the past. To learn more about the Republic of Malta, visit the AbilityTrip [Republic of Malta destination page](#).

Picture of the Month:

Traveler of the Month:

This month's AbilityTrip traveler of the month is Christopher. Christopher states, "South Beach is famous for its art deco buildings, its beaches, and Ocean Drive. AbilityTip of the month:

On your next trip afar, don't be afraid to experience the local culture by sensibly sampling the local food, talking with the locals, and learning new customs. It's a great way to learn something new and break down barriers.

We want to feature our members - send us your favorite travel story. In return we will send you an AbilityTrip gift and we will try to include your tale in an upcoming newsletter.
