AbilityTip of the month:

Remember when booking your accommodations that an "accessible room" can have a variety of different configurations. For example, even within a single hotel location, some accessible rooms will have a roll in shower while others will not. Be specific about your needs when booking.

In the News...:

AbilityTrip has had a busy month of July...To kick it off; AbilityTrip attended the Abilities Expo in Schaumburg, Illinois, and learned about many wonderful new travel-related products for individuals with disabilities. We also hosted a booth at Access Chicago, where we were able to connect with over 200+ people with disabilities and companies who help make the lives of people with disabilities better. We look forward to attending both events again next year!
